

STEP BY STEP

Cleaning Bathroom

First flush toilet; then
add liquid cleaner.

These are good cleaners:

Chlorine bleach
Pine 'O Pine
Rocal
or
1/4 cup kerosene mixed
with 1 cup of baking soda.

Let cleaner soak in toilet
about 5 minutes - then rub
the inside with a long-
handled brush and flush.

CAUTION: Chlorine bleaches
mixed with ammonia, lye,
vinegar, toilet bowl cleaners
or other cleaners form a
poisonous gas.

Scrub the toilet seat, sink, and
bathtub with a liquid cleaner
or kerosene and soda. Daily
cleaning keeps bathroom clean
and odorless.

Each person should help by leaving
the bathroom as clean as he found it.

USE THESE TOOLS

Long-handled brush
Cloths or sponge

USE THESE SUPPLIES AS THEY CLEAN AND KILL HOUSEHOLD GERMS

Pine 'O Pine
Rocal

Or

A Chlorine Bleach such as:

Clorox
Purex
Energy

** Do not use a chlorine
bleach in combination
with other cleaners.

Let family members share these tasks to teach children how to do the job and to help them appreciate a clean, orderly home.
