Dear Madam or Sir,  
I file the form to request for an extension for my dissertation hold. The reasons are as follows:

1. In December 2019, we have published a paper in a scientific journal called IEEE sensor, parts of the materials in the paper are from chapter 2 and 3 in my dissertation. We are planning to publish another paper on this journal, and the materials are mainly based on the chapter 2,3,5 of my dissertation.
2. We have created a first version of the manuscript and it is being revised. We expect to submit the initial manuscript to the journal by the end of May 2020. The average editing period is around 2~3 months.
3. According to this journal's terms and conditions, the materials submitted to them must be never published or reported by other people.

Based on the above reasons, I request an extension for my dissertation hold. Thank you!

Please be very specific in the reason for your request. Give us as much information as you can on the current status of your document. (For example, are you in negotiations with a publisher? What are the terms and conditions of your offers? Are you working on a patent application or disclosure? Has it been submitted?, etc.).

Supporting materials may be submitted along with the request if needed.

A justification or reason for the request must be provided. Each request will be considered on a case-by-case basis.

Either the Student or the Committee Chair must sign this form. In cases where the student or committee chair cannot be reached, the Department Head may sign on behalf of the student or chair.
