SUBJ: Stimulus Funding Alert

As of 12:00 p.m. Thursday, February 12th, the final numbers for major education programs such as Title I, IDEA, and E²T² have not been made public. Expect some cuts from the final Senate House Committee Agreement in these programs. However, even with some more chipping away at education funding, major programs such as Title I and IDEA will receive their largest increases ever. We'll keep you posted.

Sincerely,

Charles
