

## Discussion Group P09 - Sealless Pumps

Leaders;

- Daniel Wood (Chemours)
- Denny Fegan (Powerdyne)
- Keith Yutzky (Teikoku)
- Matt Moy (Flowserve)
- Judy Hodgson (Hodgson Consulting)
- Gene Baker (Lyondell Chemical Company)

Suggested Topics:

- Types of sealless pumps and application limitations such as HP, pressure, temperature, solids, etc.
- Applications where sealless pumps have been successfully applied, and where they have failed
- Environmental performance in VOC or HON services
- New developments to improve reliability or extend where they can be applied
