Handling Food and Drinks when Losing Power

**Freezer Items**

When a power loss happens, a full, well-functioning freezer should be able to keep foods frozen for 2 days *if the freezer temperature was at 0 degrees F or below*. A freezer that is only half full will keep foods frozen for about 1 day.

If there is an appliance thermometer in the freezer, check the temperature when you get power. If the temperature is 40 degrees F or lower, the food is safe to eat and may be refrozen. Remember that some foods may lose their texture or flavor if they are refrozen.

If the food in your freezer has begun to thaw, you will need to check each item to see if it is safe to eat. The chart below can help you decide which foods and drinks you can keep safely. *Do not rely on taste or smell to decide if something is safe to eat!*

<table>
<thead>
<tr>
<th>Food/Beverage type</th>
<th>Has ice crystals</th>
<th>Has thawed and has been at 40 degrees F or warmer for 2 hours or longer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Poultry, pork and meat (including ground meat and organ meat)</td>
<td>Refreeze</td>
<td>Throw out</td>
</tr>
<tr>
<td>Casseroles, soups and stews</td>
<td>Refreeze</td>
<td>Throw out</td>

<tr>
<td>Cheesecake</td>
<td>Refreeze</td>
<td>Throw out</td>
</tr>
</tbody>
</table>
### Additional Freezer Storage Tips

- Group packages together to help keep items cold.
- Place meat and poultry together on the lower shelves of the freezer so their juices won’t contaminate other foods if they begin to thaw.
- Open the freezer only when necessary, working quickly when the door is open.

### Refrigerator Items

Food and drinks in the refrigerator should be safe to consume as long as the power has not been out for more than 4 hours. Keep the refrigerator door closed as much as possible.

If the refrigerator temperature has been **40 degrees F or higher for 2 hours or longer, the following foods should be thrown out:**

- Any meat, fish, poultry, seafood, pork, eggs or soy (including dishes and salads)
- Lunchmeat, hot dogs, bacon, sausage or dried beef
- Pizza
- Canned hams labeled “Keep Refrigerated”
- Opened canned meats and fish
- Soft cheese (Monterey, Jack, Mozzarella, Brie, blue, cottage, cream, ricotta, Neufchatel and queso blanco fresco)
- Shredded cheese
- Low-fat cheese
- Milk, cream, sour cream, buttermilk, evaporated milk, yogurt, eggnog or soy milk
- Opened creamy-based salad dressings (except for opened jars of mayonnaise, tartar sauce and horseradish, which should be **thrown out after 8 hours if temperature reaches 50 degrees F**)
- Opened baby formula
- Eggs (fresh, hard-boiled, egg dishes or any egg products)
- Custards and puddings
- Casseroles, soups and stews
- Fresh fruit that has been cut up
- Opened jars of spaghetti sauce
- Refrigerator biscuits, rolls and cookie dough
- Cooked pasta rice and potatoes
- Pasta salads with mayonnaise, or with salad or vinaigrette dressings
- Fresh pasta
- Cream-filled pastries, custards, cheese-filled or chiffon pies, and cheesecake
- Pre-cut, pre-washed and packaged salad greens
- Cooked vegetables and tofu
- Opened containers of vegetable juice
- Baked potatoes and potato salad
- Commercial garlic in oil

<td>Refreeze</td>
<td>Refreeze</td>
</tr>
<tr>
<td>Frozen meals, TV dinners and other convenience foods</td>
<td>Refreeze</td>
<td>Throw out</td>
</tr>
</tbody>
</table>
The following can be kept above 40 degrees for 2 to 3 days (but end up losing taste and texture):

- Grated Parmesan or Romano cheese (in a can or jar)
- Butter and margarine that is wrapped or in a covered container
- Raw fruits and vegetables (that have not been cut up)
- Peanut butter, jelly, relish, taco sauce, mustard, catsup, olives and pickles
- Worcestershire, soy and barbeque sauces
- Vinegar-based dressings
- Dried and candied fruits and dates
- Hard cheese (Cheddar, Colby, Swiss, Parmesan, provolone and Romano)
- Processed cheese
- Opened canned fruits
- Opened fruit juices
- Bread, rolls, cakes, muffins, quick breads and tortillas
- Waffles, pancakes and bagels
- Fruit pies
- Fresh mushrooms, herbs and spices
